ANNOUNCEMENTS

The present issue of the *BULLETIN* brings the record of the Association's activities up to date—except for certain special committee reports—by including an abstract of the Council business for 1915, and a summary of business transacted by the Association and the Council at the annual meeting at Washington, December 31, 1915, and January 1, 1916.

More recent activities are covered in the subsequent pages on the business of the Council and the Executive Committee since January 1; while special plans for further progress are outlined in the Letter on Formation of Local Chapters and the descriptive list of Committees of the Association.

Academic Freedom Reports.—With the courteous coöperation of the U. S. Commissioner of Education arrangements have been made for circulating 3000 copies of the general report to trustees of colleges and universities. The remaining reports will be issued not as Parts of Volume I but as sections of the present and succeeding issues of Volume II.

Membership.—The membership is now 1362, representing

75 institutions in 33 states. An inspection of the list will make it evident that the distribution of members among institutions is very uneven: the California universities, Columbia, Johns Hopkins, Missouri and Princeton, for example, being notably strong, while on the other hand, there are many colleges and universities having few or no members. It is the hope of the officers that the circulation of the general report on Academic Freedom and of the new BULLETIN will promote healthy growth in the membership. Additional copies and nomination cards will be supplied to members on application to the secretary.

In view of the pressure under which BULLETIN No. 1 was issued, it was not practicable to verify names so completely as would otherwise have been desirable. The following corrections are noted:
